## William Boyd - RI President 2006-07

Rotary International's President for 2006-07, William B. Boyd, has chosen **Lead the Way** as the theme for new Rotary year.

"This will be my theme and an affirmation of my belief in the power of Rotarians to change the world, one positive act at a time," he told incoming district governors at the International Assembly in San Diego.

"As Rotarians, we are not content to let matters stay the way they have always been in our clubs or in our communities. We are not content with the status quo, and we do not look at a problem only to say someone else will solve it. We are the ones who ask, 'Why not us?' We are the ones with the skills and the desire to build a better future. And we are the ones who must **Lead the Way.**"

"Throughout the world, there are so many tremendous needs. As Rotarians, it is easy to want to meet them all, but as practical people, we know that we must apply our efforts where they can do the most good. For this reason, I have chosen **water management, literacy, health and hunger**, and the **family of Rotary** as my emphases for 2006-07" he added.

As Rotarians, we know that it is not enough to dream about a better world. A better world will only come through careful planning, honest cooperation, and hard work. As Rotarians, we will not just wait for it to happen. Together, we will **Lead the Way.**

## From the President's Desk

Dear Friends,

It is my privilege, with your support; to *Lead The Way* in 2006-07 as we walk together further along the path to Service Above Self.

I would like to take this opportunity to reiterate our shared vision – *Rotary Club of Hyderabad East is an extended Rotary family, making a difference together.*

Amongst others we do this by:

- Increasing involvement of members and their families by providing a forum for fellowship, learning and community service
- Building and sustaining club membership
- Regular fund raising to sustain club projects and the Rotary Foundation
- Sustained community service projects
- Strong meetings program structure
- Participation beyond club level

Our focus of the Family of Rotary has always been very strong and we hope to make it stronger still with a greater active involvement of our families I in all our activities – whether service projects or meetings. This year will also see a strong focus on service projects in the area of health, hunger – with the emphases on building vocations and literacy. We also intend to put together our first major water project during this year.

The involved deliberations prior to and during our joint board meeting and club assembly in June from all across the club membership clearly foretell that we are in for a great Rotary year. The focus on continuity with past, present and future leadership actively participating in club matters is extremely heart warming. Its our year, Let's lead the way together.

President  
Rotary Club of Hyderabad East, 2006-07

## The Better Halves

As a model club, RCHE leads the way in the family of Rotary initiative; with the RCHE family forming an active participant in all club activities; fellowships, meetings or service projects. During the year the family of Rotary Club of Hyderabad East will also lead some of the project implementations.

## RCHE – A Model Club

Rotary Club of Hyderabad East (RCHE) is part of Rotary International's New Models Club Pilot Project, the only one among 9 clubs in India that is still functioning as a Model Club.

Initiated 5 years back, like some of the other Model Clubs in the world, RCHE has stood the test of time against all odds and the upcoming 2007 COL should certainly discuss and deliberate up on resolutions / enactments which pertain to Model Clubs, particularly on issues of membership, weekly meetings etc. which have been experimented so successfully at our end.

**Did You Know?**

Web-based Rotary clubs (or e-clubs) provide new experiences, convenient make-ups for Rotarians; proposed at the 2004 Council on Legislation was item No. 04-18, "to allow attendance credit for a 30-minute interactive club Web site activity."

**Why I am a Rotarian?**

*[Jerry Barden, Rotary Club of Madera (California, USA), Classification: Telephone Services, Director - Rotary International 1995-97]*

Somehow I cannot imagine not being a Rotarian. Reflecting back over the past 38 years in Rotary, my purpose has changed and evolved.

When I first joined my Rotary club, it was like being adopted into a new family with lots of understanding old uncles. They were more than willing to advise, counsel, instruct, and build a sense of ethics and integrity.

They set an example of community and world concern; gave me a glimpse of what leadership is and should be, and more importantly, what being a Rotarian truly meant.

Time passed, and my fellow Rotarians seemed more like brothers - Men who were willing to share ideas and opportunities of leadership, brothers who now were listening to me. Brothers who truly understand the concept of Service Above Self.

Suddenly, it was no longer just men in Rotary. We now had women! I proposed the first woman in our club. I'm proud to say that she soon became president. She did a great job, displaying the same leadership qualities of her male predecessors.

I started to realize that my Rotary family reached far beyond the boundaries of my club and district. This was truly an international family - a family of which I am exceedingly proud.

Today I realize that I have fewer brothers and sisters; my Rotary family is getting younger, more like nieces and nephews, and yet somehow I feel even more needed. Now, it is my job to supply leadership and training as was provided to me so long ago.

The only difficult thing about being a Rotarian is that no matter how hard I work, I will never be able to repay all of the things that Rotary has given me.

But I'll keep trying.

**The 4-Way Test**

Of the things we think, say or do:

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOODWILL and BETTER FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?
